

# NEWS BULLETIN

“Dayco has become aware of several instances where tensioners and pulleys which look a lot like Dayco tensioners and pulleys have entered the automotive aftermarket. These are NOT Dayco tensioners and pulleys. They do not incorporate the patented and proprietary technology which makes Dayco tensioners and pulleys superior products. If they aren’t DAYCO® 89 Series™ No Slack® brand tensioners, then they’re not the best quality, high performance tensioners and pulleys.”

DAYCO’s most popular tensioners and pulleys are the:

## TENSIONERS

- 89201™
- 89203™
- 89209™
- 89215™
- 89230™
- 89231™
- 89233™
- 89251™

## PULLEYS

- 89007™
- 89010™
- 89015™
- 89017™
- 89048™

When you buy and use the above brands of tensioners and pulleys, you know these are genuine tensioners and pulleys from Dayco Products, LLC.
